- The meeting was held via Zoom.

Course Development

- Public Participatory GIS: Tasks have been shared between people. Materials are being developed. 30% progress by the end of September will be achieved more or less.
- Spatial Modelling for Disaster Analysis: Data have been collected. Lectures notes are being produced. Exercise are being produced. 30% progress by the end of September will be achieved more or less.
- Disaster Risk and Climate Change: Mozambican partner is starting this week the combined survey/interviews. In Lisbon developing the course has started. the first lecture is completed in PowerPoint (Intro. to Vulnerability and Risk, not recorded yet) and I working on exercises and student activities. This month, the week 2 contents, exercises and seminar/project will be completed. A bit below 30% up to end September but will be close to it.
-
- We aim for 30% progress, by the end of September 2020
- Videos lectures should be sent to Roger. He will manage to ingest them and then gives you a link to add to the moodle.

DMT

- The tender prepared by LU and published over internet for 1.5 months from 1 July 2020.
- 2 companies submitted proposals.
- AGI was selected and the contract is being signed.
- The development starts from 15 September 2020.

Dissemination

- Two papers have been submitted to GI4DM by MilanPoli/Lureo and LU.
- Alexandre has not heard about the national conference on SDI in Portugal, due to COVID-19

Admin
